### Proposed Hollands Farm Development

Wycombe District Council's recent adopted Local Plan releases Hollands Farm from greenbelt and opens the way for its development.

Wooburn and Bourne End Parish Council have agreed to assist Wycombe District Council in the creation of a Development Brief that will set the criteria for the possible development of the Hollands Farm site. Our aim in agreeing to be part of this process is to ensure the best possible outcome and one which addresses the impacts as far as possible.

We will communicate progress through the local resident's associations and we will consider all feedback. In addition, we will keep the Wooburn and Bourne End Parish Council website updated.

The first working meeting is expected to take place in early October. It is our intention to hold meetings that the public can attend as the matter progresses.

The Development Objectives have been set out in Wycombe District Council's recently adopted Local Plan – link:
